2. Allocation of the net profit. Resolutions thereon.

Dear Shareholders,

the financial statements of Garofalo Health Care S.p.A. (the “**Company**”) at December 31, 2022 which we submit for your proposal as per item 1 on the Agenda show a profit for the year of approximately Euro 1,638 thousand.

Article 40 of the By-Laws states that, in accordance with law, *"5% (five percent) of the net profits resulting from the company's financial statements must be retained in the statutory reserve, until said reserve has reached an amount equal to one fifth of the share capital"* and that *"from the net profits, an amount equal to a maximum of 1% (one percent) of the same must also be deducted, according to the indications provided by the Board of Directors, to be allocated to a fund to be used autonomously by the Board of Directors for scientific and/or charitable purposes"*.

The Board of Directors confirms that the legal reserve has not reached an amount equal to one-fifth of the share capital, and that consequently an amount of approximately Euro 82 thousand will be deducted from the net profits to be allocated to the legal reserve.

The Board of Directors also proposes to deduct from the year's profit an amount of approximately Euro 16 thousand, in compliance with the statutory limit, to be disbursed by the Board of Directors "for scientific and/or charitable purposes".

Considering the above, we therefore propose the following allocation of the profit for the period: Euro 82 thousand to the legal reserve, Euro 16 thousand to the provision as per Article 40 of the By-Laws, and the remainder - Euro 1,540 thousand - to “retained earnings”.

We therefore submit for your approval the following resolution:

“The Shareholders' Meeting of Garofalo Health Care S.p.A. called in ordinary session, having heard and noted the statements made by the Board of Directors,

resolves

to allocate Euro 82 thousand to the legal reserve, Euro 16 thousand to the provision as per Article 40 of the By-Laws and Euro 1,540 thousand to “retained earnings”.

- (ii) Section II sets out the remuneration for the year ending December 31, 2022 by name for the Directors, Statutory Auditors and General Manager (the “**Report on Remuneration paid in 2022**”).

The 2023 Remuneration Policy is submitted to the shareholders for a vote; the related motion is binding.

4. Authorisation to purchase and dispose of treasury shares (buyback) pursuant to Articles 2357 and subsequent of the Civil Code, 132 of Legislative Decree No. 58 of February 24, 1998 (CFA), 144-bis of Consob Regulation No. 11971/1999 (Regulation implementing CFA, concerning the discipline of issuers), 5 of EU Regulation No. 596/2014 (MAR), 3 and 4 of Commission Delegated Regulation (EU) No. 2016/1052, subject to revocation of the previous authorisation to purchase and dispose of treasury shares. Resolutions thereon.

Dear Shareholders,

as regards the fourth item on the Agenda, the Board of Directors presents and submits for your approval the proposal for authorisation to purchase and dispose of the Company's treasury shares (buyback), as described in greater detail in this Illustrative Report, pursuant to and in accordance with Articles 2357 et seq. of the Civil Code, 125-ter and 132 of Legislative Decree No. 58 of February 24, 1998 (the "**CFA**"), 73 and 144-bis of Consob Regulation No. 11971 approved by Consob by resolution of May 14, 1999 (the "**Regulation implementing CFA, concerning the discipline of issuers**"), 5 of Regulation (EU) No. 596/2014 on Market Abuse Regulation (the "**MAR**"), and 3 and 4 of Delegated Regulation (EU) 2016/1052, which lays down regulatory technical standards on the conditions applicable to share buyback programs and stabilisation measures (the "**Delegated Regulation**"), and also in accordance with market practices permitted from time to time, subject to revocation of the previous authorisation to purchase and dispose of treasury shares approved by the Shareholders' Meeting on April 29, 2022.

This Illustrative Report has been prepared in accordance with the guidance contained in Annex 3A, Schedule 4, of the Regulation implementing CFA, concerning the discipline of issuers.

The Board of Directors firstly notes that:

- (i) on April 29, 2022, in connection with the execution of the 2019-2021 Stock Grant Plan and the 2021-2023 Performance Share Plan and in order to stabilise the stock, the Shareholders' Meeting authorised the Board of Directors to purchase a maximum number of ordinary shares of the Company in no case exceeding 1,804,000 (including 1,170,205 treasury shares held by the Company at that date), representing approximately 2% of the Company's share capital at that date, for a maximum term of 12 months from the date of the Shareholders' Meeting motion, and to dispose of them in accordance with the applicable regulatory provisions and market practices permitted from time to time, all as further detailed in the relevant motion;
- (ii) on the same date, the Board of Directors resolved to begin the treasury share purchase programme in execution of the aforementioned Shareholders' Meeting motion;
- (iii) given the upcoming expiration of the aforementioned authorisation and in connection with the execution of the 2021-2023 Performance Share Plan, the continuing need to stabilise the stock and the need to provide for an additional operational purpose, it has been deemed opportune to submit to the Shareholders' Meeting for approval this proposal for authorisation to purchase and dispose of the

Company's treasury shares, as described in greater detail in this Illustrative Report, subject to revocation of the previous authorisation to purchase and dispose of treasury shares approved by the Shareholders' Meeting on April 29, 2022;

- (iv) at March 15, 2023, the Company holds 1,397,360 treasury shares, with voting rights suspended as per the law, constituting approximately 1.55% of the 90,200,000 outstanding ordinary; no subsidiaries hold shares in the Company as of the date of this Illustrative Report.

Considering the above, the Board of Directors outlines the manner, rationale and terms of the proposed authorisation submitted for your approval.

1) Reasons for the requested authorisation to purchase and dispose of treasury shares.

The Board of Directors considers it opportune to propose to the Shareholders' Meeting, considering that the Company's need to pursue the purposes of the previous plan have not changed, and having considered the need to provide for an additional operational purpose, to authorise a new plan for the purchase and disposal of treasury shares to allow the Company to pursue the following objectives:

- (a) to create a "share reserve" to service, if needed, the 2021-2023 Performance Share Plan approved by the Shareholders' Meeting of April 30, 2021, in addition to any other share incentive plans, including of a long-term nature, reserved for Directors and/or managers of the Company or its subsidiaries.
- (b) to intervene, in compliance with the applicable provisions and through intermediaries, in order to stabilise the share price and ensure normal trading and share prices, countering distortions related to excessive volatility or scarcity of shares; and
- (c) to create a "share reserve" to service, if needed, corporate transactions involving the sale of treasury shares (including for consideration) to allow institutional or qualifying investors - or, in any case, commercial, financial or strategic partners - to enter the Company's share capital, with a view to the pursuit of the GHC Group's best medium- and long-term interests and its strategic positioning in its market.

It remains understood that, should the reasons for their purchase cease to exist, treasury shares held by the Company may be allocated to a different purpose authorised by the Shareholders' Meeting or sold.

2) Maximum number, class and nominal value of the shares to which the authorization refers.

Authorisation is requested for the purchase, including on a revolving basis, of ordinary shares of the Company, without par value, so that - taking into account the ordinary shares held in portfolio by the Company and its subsidiaries - the Company does not hold from time to time more than 3% of the Company's share capital as of today's date (including, for the sake of clarity only, treasury shares held by the Company as of the date of the Shareholders' Meeting). In any case, the total purchase equivalent may not exceed Euro 7,000,000.

3) Other useful information for a comprehensive review of compliance with the provision under Article 2357 of the Civil Code.

In accordance with Article 2357 of the Civil Code, treasury share purchases must in any case be made within the limits of the distributable profits and the available reserves as per the latest approved financial statements at the time of each transaction.

Only fully paid shares may be purchased.

The value of available reserves and distributable profits, and the verification of information used to assess compliance with the maximum purchase limit set out in the authorisation, shall be analysed by the Board of Directors at the time each transaction is carried out or by any intermediary appointed by the Company pursuant to Article 4, paragraph 2, letter b) of the Delegated Regulation.

On the occasion of any transaction involving the purchase or disposal of treasury shares, the Company will make appropriate accounting entries, in accordance with Article 2357-ter, last paragraph, of the Civil Code and applicable accounting standards.

To allow for checks on subsidiaries, they will be provided with specific directives to ensure prompt notification to the Company of any purchase of ordinary shares of the parent company carried out pursuant to Article 2359-bis of the Civil Code.

Treasury shares shall have their voting rights suspended for as long as they remain owned by the Company and enjoy neither the right to receive profit distributions nor the right of option, which shall be allocated proportionally to other shares.

4) Duration of the requested authorisation

Authorisation to purchase treasury shares is requested for a term of 18 months from the date of the Shareholders' Meeting motion approving the proposal, in accordance with the applicable regulations set out in Article 2357, paragraph 2 of the Civil Code, which currently sets the maximum term at 18 months.

On the other hand, authorisation to dispose of any treasury shares purchased is requested without time limits, due to the absence of provisions in this regard under current regulations and the advisability of allowing the Board of Directors to make use of maximum flexibility, including in terms of timing, to carry out the acts of disposal of any treasury shares purchased.

In any case, purchases and disposals shall be carried out in accordance with the applicable regulatory provisions referred to above, and with permitted market practices from time to time.

5) Minimum and maximum fees and market valuations used to determine said fees.

Subject to the fact that the purchases of treasury shares shall be made in compliance with the terms, conditions and requirements established by the applicable regulation and, where applicable, market practice,

the Board of Directors proposes that the unitary price for the purchase of the shares is set on a case by case basis for each transaction and however may not be, for the minimum, 10% lower or, for the maximum, 10% higher than the share price recorded in the trading session before each individual transaction.

The Board of Directors requests authorisation pursuant to Article 2357-ter of the Civil Code to dispose of treasury shares at the price or, in any case, in accordance with criteria and conditions determined by the Board of Directors. These shall consider the implementation methods to be used in practice, the movement in share prices in the period preceding the transaction and the best interests of the Company, any shall be in any case in compliance with the terms, conditions and requirements established by applicable regulations and, where applicable, by permitted market practices from time to time.

6) Methods of purchase and, if known, of disposal.

The purchase of treasury shares will be carried out in compliance with Article 132 of the CFA and in the manner set out in Article 144-bis, paragraph 1, letters a), b) and d-ter) of the Regulation implementing CFA, concerning the discipline of issuers. The purchase methods shall be identified by the Board of Directors on the basis of, among other matters, the purpose pursued on each occasion.

Treasury share purchases may be carried out in compliance with the conditions set out in Article 3 of the Delegated Regulation in order to benefit, where the conditions are met, from the exemption under Article 5, paragraph 1 of the MAR. The programme may also be (i) structured as a “predetermined share buyback program,” in accordance with the provisions of Article 4, paragraph 2, letter a) of the Delegated Regulation, or (ii) coordinated by an intermediary engaged by the Company. This intermediary shall make the trading decisions as to when to make the purchase of the Company's shares in full independence from the Company in accordance with the provisions of Article 4, paragraph 2, letter b) of the Delegated Regulation and in the manner and within the operational limits set out in the authorisation.

Should the Company, in the same period, enter into transactions for more than one of the above purposes, it shall separately record all related information and transactions, using specific securities accounts where appropriate.

7) Information on the use of purchases to reduce share capital through cancellation of treasury shares purchased.

The purchase of treasury shares is not intended to reduce the share capital, without prejudice to the Company's right, where a reduction in share capital is approved by the Shareholders' Meeting on a future date, to execute such a reduction by cancelling treasury shares in portfolio.

We therefore submit for your approval the following resolution:

“The Shareholders' Meeting of Garofalo Health Care S.p.A, meeting in ordinary session,

- having heard and noted the information set out by the Board of Directors;

- *having examined the Illustrative Report prepared by the Board of Directors pursuant to Articles 125-ter Legislative Decree No. 58 of February 24, 1998, (the CFA), 73 and 144-bis of Consob Regulation No. 11971 approved by Consob Resolution of May 14, 1999 (Regulation implementing CFA, concerning the discipline of issuers), in accordance with the instructions contained in Annex 3A, Schedule 4, of the aforementioned Regulation;*

 - a) to purchase, including on a revolving basis, of ordinary shares of the Company, without par value, so that - taking into account the ordinary shares held in portfolio by the Company and its subsidiaries - the Company does not hold from time to time more than 3% of the Company's share capital as of today's date (including, for the sake of clarity only, treasury shares held by the Company as of the date of the Shareholders' Meeting). In any case, the total purchase equivalent may not exceed Euro 7,000,000, The Board shall also be authorised to carry out repeated and successive purchases, in accordance with the applicable regulatory provisions referred to above and with permitted market practices from time to time, for a maximum duration of 18 months from the date of this Shareholders' Meeting motion;*

- iii) that the aforementioned authorisation for the purchase of the Company's ordinary shares is contingent on:*
 - a) the pursuit of the following purposes:*
 - 1. the creation of a "share reserve" to service, if needed, the 2021-2023 Performance Share Plan approved by the Shareholders' Meeting of April 30, 2021, in addition to any*
